

Ubucon Europe
Sintra | Portugal

10th to 13th
October

About Ubucon

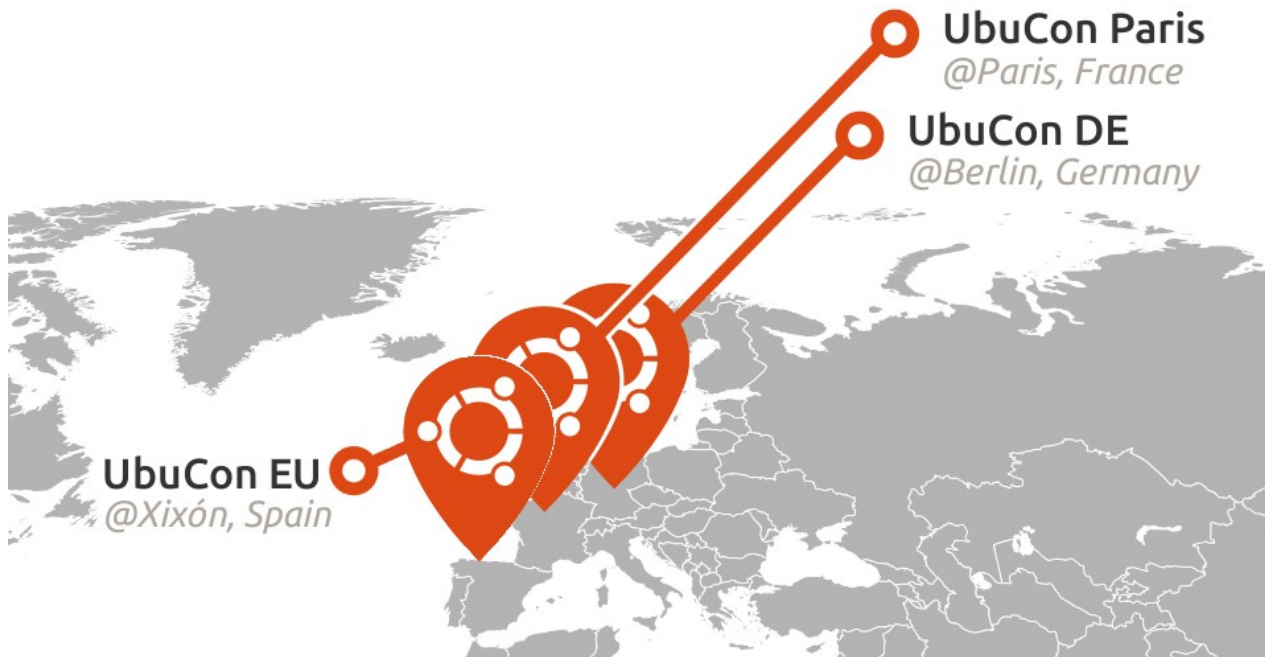

Ubucon is an event organized by the Ubuntu Communities from all around the world.

The focus of the event is Ubuntu, an open source, community-driven and free linux distribution, and other free and open source technologies.

This year, this event will be organized in Sintra, Portugal, in October 2019. We are preparing 4 days of sprints, workshops, conferences, talks and social events for all participants.

Previous Editions

Conference

Ubucon Europe attracts to each place people and organizations that are of potential interest, to entities related to education - in particular the higher education -, innovation and startups.

We are partenering with several other Free Software / Culture communities to carrie out joint or combined activities during the event.

Taking into account data from past events, and this planned symbiosis, we estimate to have more than 250 participants per day.

Our expectation is to have sessions going from 10 am to 18 pm, with a two hour break for lunch from 1pm to 3 pm.

The Venue

Olga Cadaval's Cultural Centre is a town hall dedicated to the arts and culture and it will be the host of our event in October.

It is located in the lovely Sintra and is the main showroom of the town.

It has two auditoriums, with capacity for a maximum of 1005 seats in the Jorge Sampaio Auditorium, and 276 seats in the Cinema Room.

It has the capacity to receive 172 artists simultaneously. It was inaugurated on October 13, 2001 and its designation pays homage to the patron Olga Álvares Pereira de Melo, Marquesa de Cadaval, and therefore known as Olga Cadaval.

Become a Sponsor

As a community event **Ubucon Europe cannot happen without sponsors**. With a sponsorship package you are directly supporting the research and development of Ubuntu and Open Source Software.

Sponsoring will also empower your company brand within the international audience and show your love and commitment to the **Free and Open Source Community**.

With hundreds of users and developers coming to Sintra, service providers can access their target groups while companies can create awareness with potential new hires.

Don't wait any longer, become a sponsor and be recognized as a top Ubucon sponsor!
